Tru-Traffic 10.0 Training Workshop Nov. 2014, Philadelphia, PA

What: This is a 2-day Training Workshop for Mid-Atlantic Section of The Institute of Transportation Engineers (MASITE) on using Tru-Traffic 10.0 for signal coordination and travel time & delay studies.
Day 1 covers basic topics, and is geared toward first time and/or less experienced users.
Day 2 covers advanced topics and goes into greater depth.

Where: Municipal Services Building (MSB)
City of Philadelphia
1401 JFK Boulevard
Philadelphia, PA 19102

When: The 2-day training workshop will be held Tues. - Wed., November 18-19, 2014.
9:00am to 4:00pm, with a morning and afternoon break and a break for lunch.
Sign-in starts at 8:30am.

Instructor: Greg Bullock (the developer of Tru-Traffic)
831-642-9641 (voice or fax)
757 Bayview Avenue
Pacific Grove CA 93950-2508
training@tru-traffic.com

Prerequisites: The workshop will include (optional) hands-on training, so participants are welcome to bring their laptop computers with Tru-Traffic 10.0 preinstalled.
To install version 10.0, download the file [SetupTru-Traffic10.msi](#) and open it.
If you don't already have a license to version 10.0 (in Help: About: License), contact [Greg Bullock](#) for the temporary license.
The workshop will include a section stepping through how to use [Google Earth](#) with Tru-Traffic 10.0, so you'll probably want that preinstalled as well. The free version is sufficient for our purposes.

Sign-up: Seating is limited. Please register and reserve a seat by contacting Silvia Scheuermann:
