October 26th Dinner Meeting & Scholarship Recognition

I-95 Emergency Bridge Reconstruction

ASHE First State, in a joint meeting with MASITE, invites you to join us for our October dinner meeting to hear about this MASITE 2023 Project of Year. The Emergency Bridge Reconstruction took place on a key section of I-95 in Northeast Philadelphia after it collapsed due to a tanker truck fire beneath. The bridge was re-opened just 12 days after the collapse using innovative techniques, including the use of recycled glass to make foamed glass aggregate.

With Guest Speakers:

Archi Filshill Ph.D. ENV SP
Chief Executive Officer and
Founder of Aero Aggregates

John Volk, PE, VP
Geotechnical Engineering Manager
AECOM

We will also be honoring our scholarship recipients. Come join us to congratulate them!
